

29 MAY 1961

MEMORANDUM FOR: Legislative Counsel/Office of
General Counsel

SUBJECT: Draft Bill "To Establish a United States
Disarmament Agency"

1. We have reviewed the proposed legislation and find it satisfactory. In your brief or comments to the Director, I think it would be useful to point out the following aspects:

a. The Disarmament Agency will be authorized to coordinate research on disarmament conducted by other government agencies. The CIA, originally in OSI and now in DDP/TSD, is engaged in research on on-site inspection techniques in support of the Nuclear Test Ban.

b. Under Section 37 of the Act, the CIA will probably be directed to coordinate with the USDA on activities and decisions which affect disarmament.

c. The USDA will be specifically authorized to employ services or personnel of other government agencies with, of course, approval of the agency concerned.

2. The bill does not indicate which agency will be responsible for providing intelligence support to the USDA. The Director indicated, on 13 April 1961, in a letter to Mr. McCloy that he would discuss the subject of intelligence support for disarmament work with Mr. McCloy and, in due course, with the President.

HERBERT SCOVILLE, JR.
Assistant Director
Scientific Intelligence
